Eye Books, United Kingdom, 2011. Paperback. Book Condition: New. 2nd Revised edition. 196 x 126 mm. Language: English . Brand New Book. A humorous, soul-searching account of an aging hippie who gives up his hard-won career, family, and home life to bike around the world in search of new experiences At age 45 Robbie Marshall had it all, or so it seemed. He had been married, had two children, and built up a successful advertising agency. So what on earth made him trade his suit for leathers, his office for the saddle of a great motorcycle, and his bulging appointment book for an out-of-date world atlas? The prospect of a new challenge held such overwhelming appeal that he was prepared to risk it all--his hard won career, the trappings of wealth, and the love of a good woman--for life on the road and a lifestyle completely removed from anything he had known before. And so he shook hands with his business partner, kissed his girlfriend goodbye, and rode off into the unknown. Over the course of this double or nothing adventure he came face to face with his own ignorance, enormous danger, and wracking loneliness as well as some of the best that human nature has to offer.
