

Emeritus

By Brian Cox

Carcenet Press Ltd. Paperback. Book Condition: new. BRAND NEW, Emeritus, Brian Cox, The leisure in which Brian Cox now writes his poems is hard-earned. Poetry, always his chief passion as reader and teacher, was forced to the edges of his life during the years in which he followed his other vocation in the world of education. When, shortly before his retirement in 1993, his "Collected Poems" appeared, it was clear that he had managed to write distinctive verse against the odds. His new collection has the freshness of a writer set free in a world which before contrained him. The presence of a physical universe, fulfilling all the senses, is palpable in his language; there is also an undercurrent of impassioned memory and what one critic called - in relation to this "Collected Poems" - "anticipatory elegy", the accepted knowledge of change and loss. There is an ambitious series of poems dedicated to writers and artists he admires: Saul Bellow, Chekhov, Van Gogh and Walter Benjamin.

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
